No.: 02-2019/Anaesth/Project/PI\_DrHabib

Date: 10.05.2019

**दर आह्वान**  
**Quotation Call**

Quotations invited for the information technology related following works

1. Development: development of software for preoperative assessment and follow-up; the software should be compatible with Windows 8 and above or any later version
2. Up gradation: The provider should upgrade the software as required during the project work
3. Maintenance and service: Maintenance, monthly basis (at least 3 visits per months and as and when needed) for 6 months

Sealed Quotations are invited from intending service providers/ IT firms having GST/ relevant documents for development and deployment of above mentioned work for an intramural research project entitled "Information technology-based joint preoperative assessment and risk stratification and its impact on patient management and cost".

**Terms and condition**

1. The data related to the medical content of the software will be provided by the principal investigator (PI) of the project
2. The copyright of the software shall be the property of the investigator and AIIMS, Raipur
3. The software should have admin right to edit/modify
4. Following entry of all the required data and submission / log out, the final data sheet (final version) should be locked and printable
5. Following final submission, no one other than admin should be able to access it. Only admin should be allowed to modify data; the modification done should be logged in the history.
6. The software should have a facility of cloud-based data storage, a central server (computer with the requisite specification, if required) will be provided.
7. The person for maintenance should be preferably staying in Raipur and maintenance service should be provided within 24 hours; failure to service within 24 hours shall result in 2% penalty (Total cost) for each day of downtime.

8. The contract can be extended for a maximum of one year, and after that, the contract will automatically stand terminated.
9. Should be able to deliver the service within 10 days of allotment.
10. The price quotation should be in the respective three categories as mentioned under the work required above.

**Payment terms and condition**

- a. 25% at the time of the agreement
- b. 50% at the satisfactory completion of the software development
- c. 25% at the end of the project

Price quotation with company registration should reach the office of **Prof. Dr. P. K. Neema**, HOD Anaesthesiology and Critical Care; Block A, AIIMS Hospital Complex, Raipur, before 3 pm of 17<sup>th</sup> May 2019.

The software developer/consultants required to contact the PI **Dr. Habib Md Rezaul Karim** for software related queries between 12:00 to 13:00 hours on 18<sup>th</sup> May 2019 at Room no A001, Block-A; AIIMS Hospital Complex, Tatibandh, Raipur. The PI may ask for relevant documents for verification and demonstration of software related skills.

**Note:** The period for the research project is limited and predefined. The software development work is a part of a research project and supported by AIIMS-Raipur. In case only one or two suitable software developer applies for the project and the price quoted is found acceptable in relation to the limited fund available for the intramural project, the PI may decide to select the applicant developer and no complaint or further communication will be entertained by the PI and the AIIMS-Raipur.

***Habib Md Rezaul Karim.***
