Raipur, Chhattisgarh, India-492099.

About AIIMS Raipur

AIIMS Raipur is one of the six healthcare institutes being established by the Ministry of Health & Family Welfare, Government of India under the Pradhan Mantri Swasthya Suraksha Yojna (PMSSY). These institutions were planned in underserved areas of the country with the aim of correcting regional imbalances in quality tertiary level healthcare in the country and attaining self-sufficiency in graduate and postgraduate medical education and training.

Message from Organizing Chairman

Dear friends,

We extend a warm welcome and a cordial invitation to the medical fraternity in Raipur, the capital of Chhattisgarh, to witness and be a part of the Cadaveric Hands on Workshop to be organised at the All India Institute of Medical Sciences, Raipur.

The main attraction of the Workshop will be Thyroid, Parotid surgeries and neck dissections. There will be a live demonstration of cadaveric dissection by a team of eminent surgeons on the first day followed by lectures on the related topics. On the second day, the delegates will have a highly interactive cadaveric hands-on experience on individual cadavers. I am sure the learned faculty will make the hands on experience a memorable one for the delegates.

The enthusiastic team of ENT-HNS and ANATOMY departments at AIIMS Raipur awaits your presence for rich academic and surgical experience during **CADAVERIC HANDS ON WORKSHOP 2017**.

Prof. (Dr) Nitin M Nagarkar
