ALL INDIA INSTITUTE OF MEDICAL SCIENCES, RAIPUR

Introduction:

AIIMS Raipur is one of the new apex healthcare institutes established by the Ministry of Health and Family Welfare, Government of India under the Pradhan Mantri Swasthya Suraksha Yojna (PMSSY) on the pattern of AIIMS, New Delhi. The institute was established with the aim of correcting regional imbalances in quality tertiary level healthcare in the region and attaining self sufficiency in graduate and postgraduate medical education and training in this hitherto under-served area of the country.

Mission Statement:

To establish a centre of excellence in medical education, training, health care and research imbued with scientific culture, compassion for the sick and commitment to serve the under-served. A mission to bestow world class services to the people of Chhattisgarh and surrounding areas in particular and the nation in the broader aspect.

The logo is amalgamated with the Sanskrit words **“Aarogyam Sukha Sampada”** which translates into "Health, Happiness and Prosperity" thus linking health with happiness and prosperity.

Medical and Nursing Colleges

All the pre-clinical and para-clinical departments of the medical college viz. Anatomy, Physiology, Biochemistry, Pathology, Microbiology, Pharmacology, Forensic Medicine & Toxicology and Community & Family Medicine are functional and located in their respective earmarked spaces. The College of Nursing is currently functional from the Medical College building and is expected to be shifted to its location adjacent to the medical college building soon.

DIRECTOR'S REVIEW

I am honoured to present the annual report and the audited statement of accounts of AIIMS, Raipur for the year 2014-15. The year 2014-15 witnessed hectic developmental activities which will have far reaching benefits for the medical /nursing students, faculty members, staff and the public at large.

Many important clinical services were started during this year including state of the art Modular Operation Theatres, Blood Bank Services and 128 slice CT scan. Keeping in view the vision regarding AYUSH of our Hon'ble Prime Minister, we have started Ayurveda and Homeopathy services in AIIMS Raipur. The NICU and PICU have also been made functional under the department of Pediatrics. Major high end equipments have also been procured for various pre, para and clinical departments. The construction activities for the remaining part of the hospital building have also been stepped up.

In the medical college building, fully air conditioned examination hall and a mini auditorium (intake capacity of 200 persons) have been made functional. It was also a moment of pride for everyone in the AIIMS, Raipur family that Shri Jagat Prakash Nadda, Hon'ble Union Minister, Ministry of Health and Family Welfare, Government of India, visited the institute on 10th January 2015 and gave his blessings.

Presently we have admitted three batches of MBBS students and two batches of Nursing undergraduate students. The Medical and Nursing students have excelled in academic activities and they have also been motivated for undertaking research work. The students have also enthusiastically participated in community outreach programmes, sports and cultural activities.

The faculty members have contributed towards teaching, patient care and research. They have also attended various important National and International conferences and have presented their research work in these meetings. The administrative and other staffs have worked tirelessly during this period.

67th AOICON – Conference was organized by Association of Otolaryngologists of India at AIIMS Raipur along with 2 days live surgical workshop in January 2015. More than 1500 delegates from India and abroad had participated in this prestigious event conducted for the first time in this part of the country. Many other conferences and CME/Workshops were organized by different departments of the Institute.

The Ministry of Health and Family Welfare, Government of India has given continuous support and guidance throughout this period. I am sure that with everybody including students, faculty and staff members, administrative and engineering team working in a coordinated manner, AIIMS Raipur will continue to grow and achieve greater heights in the near future.

HIGHLIGHTS

Department of Anaesthesiology conceptualized the details of the requirement of minor operation theater (OT), modular operation theaters (MOTs), post-anaesthesia care unit (PACU) and preoperative holding area in Block A. The department actively supervised the commissioning of these areas, now the MOTs' are equipped OT lights, and OT tables, anaesthesia work stations, suction machine, etc and the remaining areas are equipped with multipara monitors. All these areas are fully functional. The department has recently acquired blood gas analyzer and echocardiography machine. The anaesthesia work stations are state of the art and have electronic automatic charting facility. The MOT lights' are equipped with IT enabled cameras and the ongoing surgery can be displayed in the surgical lounge.

The department conceived the details of installation and commissioning of medical gas pipeline system (MGPS) in the Block A and Ayush-PMR building; the installation of MGPS is progressing under the supervision of the department and is in the advanced stage and shall become fully operational by the end of this year.

The department started Preanaesthesia check-up (PAC) clinic in Ayush-PMR building on 24 Nov 2014, the PAC clinic is functional and all the prospective surgical patients are examined and optimized (If required) before scheduling for surgery. Till March 2015, the PAC clinic has examined more than 1500 patients.

The minor OT started on 26th Feb 2014; the MOTs', PACU and preoperative holding area became functional on 27th November 2014. Till March 2015, the department provided anaesthesia / monitored anaesthesia care to 1059 patients undergoing various surgical procedures. The department provided anaesthesia to all kind of

surgical patients including pediatric and geriatric patients and those suffering from complex co-morbid diseases.

The department actively supported live surgical workshops organized by the department of ENT and provided anaesthesia to 22 patients who underwent various surgical procedures.

HIGHLIGHTS

The Department of Anatomy has advanced with flying colours with respect to excellence in teaching by adopting modern means and methods advised in Medical Education Technology norms. We applied small group discussion, tutorials and various enrichment programs such as student's seminars etc in undergraduate teaching. Simultaneously, faculty members actively engaged in research activities within the available resources and succeeded in publishing their articles in various National and International Journals. Faculty members also participated in some other activities other than teaching and research work like Authoring of Manuals and book; Stress management workshop, Yoga training program and community services/camps etc. We are continuously improvising the different labs in the department i.e. Dissection hall, Histology lab and Museum; so as to make it beneficial not only for our department, but also the Institute as a whole. By our continuous efforts in Body-Donation Awareness Programs we have overcome the situation of Paucity of cadavers in the field of teaching and research work. Interdepartmental activities could be reflected as participation in National Conference organised by AOICON from 7th to 11th January 2015 at AIIMS Raipur as 'Live skull based cadaveric dissection workshop on Head & Neck region. Department organised integrated teaching based on cadaveric dissection with various departments like cardiothoracic, Orthopaedics. This is harbinger towards the collaborative and interdepartmental activities thus heralding the Institute to highest academic pinnacles.

HIGHLIGHTS

Teaching and Training activities of Community & Family Medicine (CFM) Department for our MBBS students at Urban Field Practice Area (UFPA) of AIIMS Raipur were initiated on the occasion of World Health Day 2014. On 7th April all the 50 students of 2nd Year MBBS Programme accompanied by all the faculty members of CFM Department visited the urban slums situated in ward 19 of Raipur city. Six groups visited six different slums. The students in pairs imparted health education regarding the prevention of vector-borne diseases to the slum dwellers. Subsequently students of 2012 MBBS Batch and 2013 Nursing Batch were taken to UFPA during their scheduled Community Clinical Posting.

While following up the matter of entering into MoU with Government of Chhattisgarh for establishing Rural Health Training Centre (RHTC) as per MoHFW recommendation, our Department assessed the feasibility of developing CHC Jheet into RHTC under MoU. Signing of MoU is under process currently.

Pulse Polio Immunization was carried out in the OPD of AIIMS, Raipur on 18th January & 22nd February 2015 and children of construction workers being the predominant beneficiaries. Hepatitis B vaccination of newly admitted Medical & Nursing students of AIIMS, Raipur was also organised.

Various health related days were observed like World Health Day, World Population Day, World Rabies Day, World Breastfeeding Day etc. with students of 2012 MBBS Batch. Health educative posters on Hepatitis, Swine Flu and Food Safety were prepared to display in AIIMS, Raipur OPD for creating awareness amongst masses.

Proposals for Tribal Health Research Centre, Chhattisgarh & School of Tropical Medicine, Chhattisgarh as well as a brief write up for participation in Saansad Adarsh Gram Yojana (SAGY) for transforming tribal village Gotatola of Rajnandgaon district of Chhattisgarh; were made & submitted to the Director AIIMS Raipur.

Different participatory methods of teaching like role play, group discussion, preparation of health educative material, group health educative activity for slum dwellers, quiz, seminar etc. are used for undergraduate teaching.

Departmental academic activity

Departmental academic activity was started in July 2014. All faculty members & senior resident made academic presentation on the latest academic topics like Participatory Learning & Action Techniques, update on active immunization, Ebola viral disease, Measles Surveillance etc.

Faculty Development

All faculty members consistently update their academic knowledge by participating in various academic proceedings, by undergoing different academic courses (correspondence cum contact as well as online) and by being a reviewer of journals. Especially participation of Dr Anjan Giri in AIIMS-UM Advanced Research Methodology Course would be helpful for Departmental as well as Institutional Research in the long run.

PATIENT CARE

Immunization Clinic is run by our Department on every working Tuesday in AIIMS Raipur OPD. Total 865 under five beneficiaries were vaccinated during 1st April 2014 to 31st March 2015.

Observation of World Health Day 2014

The theme of the World Health Day 2014 was “Vector-borne Diseases” and the slogan was “Small Bite, Big Threat”. CFM Department conducted different activities to observe the World Health Day 2014. Our Second year MBBS students were divided into three batches to identify potential breeding places of mosquitoes in AIIMS Residential Complex, AIIMS Medical College campus and AIIMS Hospital premises from 1st to 4th April 2014. Based on their findings, sanitation drives were carried out in these three areas on different days under supervision of students of respective batches and faculty members of CFM Department.

HIGHLIGHTS

Regular academic activities for the MBBS students are being undertaken with didactic lectures, tutorials and practical classes. Arrangement for demonstration of autopsy cases to the students was made with the nearby Durg Civil Hospital.

The departmental laboratory for under graduates was set up with the workstations installed. The department is in the process of setting up a PG laboratory with procurement of instruments, reagents, etc. Basic specimens (osteology/toxicology/weapons) have been acquired for display in the museum for the students. More specimens are being acquired.

Two body storage units of 12 body capacity each have been installed in the upcoming mortuary of the hospital. Basic infrastructure for setting up of the mortuary has almost been acquired and the department is awaiting the nod from the Govt of Chhattisgarh to start mortuary services at AIIMS, Raipur.

HIGHLIGHTS

The department has been actively involved in the UG teaching for 1st MBBS and B.Sc. Nursing courses with teaching innovations such as MBBS Student Seminar sessions and using ultrasound assisted dynamic mechanisms. Innovations in Assessment are also being used i.e. Multiple Response, Reason-Assertion and Problem Based MCQs and a Bank is maintained after Item Analysis. An OSPE Bank is maintained and used for assessment in practical examinations and a practical manual series has been developed & printed. In addition, a comprehensive standard list of Core-curricular Lecture topics are available with Objectives being framed for each. The department has also initiated collaborative research projects and in regular academic interactions with other institutions such as PRS University and NIT, Raipur. The Electroencephalography and the Autonomic Function Test equipments have been standardised for research and the latter for patient care also. Besides, UG students have been trained in certain modern techniques e.g. EEG & HRV analysis; several students have been conducting research after being awarded ICMR-STS funded projects. The AFT has also been used for ICMR-STS funded research by UG students & standardised for patient care. An Exercise Physiology laboratory has been further proposed for research and patient care. Faculty members organised two Symposia at the National Conference and a Workshop at institute and received Best Symposium Award for the same. In addition, they acted as resource faculty for various workshops at National and Institute level ranging from AFT to Yoga and Basic Life Support. Also, the faculty has been involved in delivering guest lectures at different National scientific fora and underwent training in research techniques such as Sleep Analysis, AFT and Basic Life support. Finally, the faculty has been contributing in various capacities towards overall development of the Institute, beyond the scope of departmental teaching, research and patient

care.

Audit Report for the FY 2014-15

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of All India Institute of Medical Sciences, Raipur, Chhattisgarh for the year ended 31 March 2015.

We have audited the attached Balance Sheet of All India Institute of Medical Sciences (AIIMS), Raipur, Chhattisgarh as at 31 March 2015, the Income & Expenditure Account and Receipt & Payment Account for the year ended on that date under Section 19 (2) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with section 18 (2) of the AIIMS Act, 1956 and the AIIMS (Amendment) Act, 2012. These financial statements are the responsibility of the AIIMS's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

(i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit except the fixed assets registers.

(ii) The Balance Sheet, Income & Expenditure Account and the Receipt & Payment Account dealt with by this report have been drawn up in the format approved by the Ministry of Finance, Government of India.

(iii) In our opinion, proper books of accounts as required under section 18(1) of the AIIMS Act, 1956 and other relevant records have been maintained by the AIIMS, Raipur in so far as it appears from our examination of such books.

(iv) We further report that:

A Balance Sheet

A.1 Assets

A.1.1 Fixed Assets (Schedule-8)- ₹ 22.09 crore

This does not include ₹ 18.22 lakh being books purchased under Learning Resource Allowance scheme. This resulted in understatement of fixed assets and overstatement of Expenditure by ₹ 18.22 lakh less depreciation.

A.1.2 Current Assets, Loans, Advances etc. (Schedule-11)-₹ 77.54 crore

This does not include Security Deposit amounting to ₹ 3.13 crore held with Chhattisgarh State Power Company Ltd., Raipur. This resulted in understatement of Current Assets and Corpus/ Capital Fund by ₹ 3.13 crore.

B. General

1 The annual accounts of AIIMS, Raipur were not approved by the Governing Body. The Ministry of Health and Family Welfare authorized the Director to approve the Accounts.

2 AIIMS, Raipur has not provided for retirement benefits (Gratuity and leave encashment) on actuarial valuation basis as required under AS-15 and instructions contained in the Uniform Format of Accounts (UFA).

3 The SAR for the year 2013-14 was not adopted by the Governing Body before placing the same before the Parliament.

C. Effect of Audit Comments on Accounts

The net impact of the comments given in the preceding paras is that the Liabilities & Assets are understated by ₹ 313.00 lakh and ₹ 331.22 lakh respectively and Expenditure overstated by ₹ 18.22 lakh.

D. Grant-in-aid

During the year, AIIMS, Raipur received Grant-in-aid of ₹ 82.25 crore and internal receipt amounting to ₹ 7.06 crore. In addition, there was an unspent balance of ₹ 48.17 crore (₹ 46.36 crore of Grant-in-aid and ₹ 1.81 crore of internal receipt) of

previous year. Thus out of the total available funds of ₹ 137.48 crore, an amount of ₹ 61.67 crore was utilized leaving a unutilized balance of ₹ 75.81 crore.

(v) Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipt and Payment Account dealt with by this report are in agreement with the books of accounts.

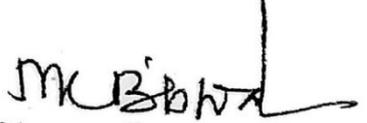

(vi) In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the accounting policies and Notes on Accounts and subject to the significant matters stated above and other matters mentioned in Annexure to this audit report give a true and fair view in conformity with accounting principles generally accepted in India:

- a. In so far as it relates to the Balance Sheet, of the state of affairs of the All India Institute of Medical Sciences, Raipur, Chhattisgarh at 31 March 2015; and
