Subject: Proprietary letter.

Mahindra is the pioneer of EV technology in India, and is gearing up to realize this vision with its new, futuristic EV products, concepts and solutions.

The Treo range of electric three wheelers offer both electric Auto as well as electric rickshaw. Treo range use Mahindra Electric's home grown powertrain and maintenance free advanced Lithium ion battery technology providing a much superior solution to the current lead acid based electric rickshaws. It provides eco-friendly, electric last mile mobility as compared to traditional diesel, gasoline based three wheelers. Both models are available in the industry first hard top weather proof variants. With the use of exceptional light weighting technologies and composite body panels, the Treo boasts a typical driving range of 130 km* (eAuto), directly addressing range anxiety in the market. It also offers the best in class comfort for passengers with one of the most spacious interiors in the segment and for the driver through its clutch-less, noiseless and vibration free drive, thereby reducing the overall fatigue of the journey. The Treo range is built on an indigenously developed common platform with a view to serve market demands as they scale up. Apart from all these benefits Treo range offers excellent earnability providing a great source of employment.

About the Treo Platform

- Superior technology – Advanced, maintenance free, lithium-ion battery. 90% of current electric rickshaws are lead acid based. These rickshaws require a battery replacement after every 6 to 7 months, Lithium ion battery technology on the other hand offers more than 5 years battery life, 3 years standard warranty* & zero maintenance. * Conditions apply
- Low Operating Cost – Low operating cost of 50 paise per km compared to Rs. 2 per km of LPG autorickshaws & a maintenance cost of only 10 paise per km which is 1/4th of the traditional LPG autorickshaws.
- High earn-ability – Treo Auto has potential to save Rs. 4000 extra every month as compared to a traditional LPG auto. At the same time Treo Yaari has a potential to save Rs. 9000 extra every month as compared to a locally assembled lead acid e rickshaw.
- Easy charging – Treo Auto takes just 3 hours & 50 minutes for a full charge*** while Treo Yaari gets fully charged only in 2 hours & 30 minutes. While a typical lead acid based e rickshaw takes around 10 hrs to get completely charged. *** Conditions apply

- In-built safety – In-built strong crash guard, reinforced chassis & space frame architecture. Space frame architecture is a unique body structure that distributes the shock evenly across the body providing additional safety to driver as well as passenger
 - Best-in-class comfort - Large cabin space, great leg room with best in class wheelbase of 2050mm. 12-inch wheel design provides additional comfort on rough roads. No driver fatigue because of noiseless, vibration-free & clutch-less drive.
 - Smart features - Remote monitoring of range, speed, location and more through NEMO, Mahindra Electric's Next Generation cloud-based mobility platform
 - Smart choice – The trust of Mahindra brand offers great after sales support. Long term relationship with the customer through Uday program:
 - o Personal Accident Insurance Policy worth INR 10,00,000
 - o Uday Vidyarthi Scholarships
 - o Incentive for referral: Service Coupons
 - o Special service discounts
 - Unique build – Modular SMC panels for rust proof, dent free body offers easy replacement
 - New age styling – Attractive aesthetics, unique color combination, Digital dashboard and unique design
 - Environment friendly – Offers Zero emission pollution free ride for eco-friendly last mile connectivity
- Hence, this item is proprietary in nature. We propose to join us in making the environment cleaner and safer for our future generations. Assuring you our best services at all times.
