SERIAL NO. 3612656 & 3701497

Dear Sir,

This is regarding the maintenance of Lab Water Purification Systems installed at your laboratory.

* During our maintenance visits we have found that some of the consumable filters are exhausted and needs urgent replacement to produce desired grade of pure & ultrapure water. We would also like to mention that these required filters if not replaced in time can affect the performance of the system in total. The change frequency of these consumable filters is subjected to feed water quality & consumption of product water

Accordingly we are submitting our quotation for the required consumables filters which are not covered under warranty with Prop. Certificate & price reasonability certificate for your ref & kind perusal.

Hoping to get your valued order soon so that the required job can be done at its earliest.

Thanking you and assuring you our best services always.

Yours faithfully
