Sub: BD Canto II Flowcytometer system and reagents to be used on them from BD.

Dear Madam,

With reference to above subject and the BD Canto II Flowcytometer system supplied to AIIMS Raipur through HLL.

We would like to bring the following to your input w.r.t. the reagents to be used on the Flow system:

- 1) Since patient samples are at stake, it is suggested that both instruments and reagents are from the same vendor, as the overall ownership of performance of instruments and reagents is on one vendor
- 2) Also BD Reagents has been known for their high quality and are optimized for BD Instruments.
- 3) Also BD is committed to provide application and service support to instruments sites, which brings further commitment when the Instrument and the reagents are being used from BD only.

Hence all the clinical sites where the critical patient samples are being used, they uses BD Reagents only on the BD instrument platform.

Thanks & Regards
